

TL10 Cordless LED Task Light

TL10 Cordless LED Task Light

LED brightness — with 160 lumens of power

LED efficiency — for up to 10 hours runtime on single charge (19.2-volt lithium-ion)

LED durability — and more impact resistance than incandescent, with up to 50,000 hours of bulb life

Rugged design — featuring aluminum head and engineered composite housing for impact and corrosion resistance

160-degree pivot head — provides directional versatility

IQ^V compatibility* — with all IQ^V Series lithium-ion and nickel-cadmium batteries (7.2-volt – 19.2-volt)*

*Batteries and charger sold separately.

At Ingersoll Rand, we're committed to enhancing the productivity of our automotive service and industrial customers. Our IQ^V™ Series cordless task light is a perfect complement to our other cordless tools — with state-of-the-art LED technology for brighter, longer lasting light and convenient versatility.

Security strap — permits secure and balanced carrying or hanging

IQ^V™ WARRANTY
