

Ultra EL Lubricant

Ingersoll Rand Ultra Extended Life (EL) advanced synthetic lubricant performs up to twice as long as other rotary lubricants, keeping your compressors running at peak performance, minimizing downtime and lowering lifecycle costs. ;

Features

- Longer Fluid Life: Ultra EL is expected to last 16,000 hours in the field.
- Superior Wear Protection: Both a controlled lab tests as well as inspections of airends from actual air compressors were carried out to validate potential claims in the area of wear protection.
- Better Corrosion Protection: Based on various tests carried out during the development and validation of the product, Ultra EL will provide better corrosion protection than other products available in the market today, and even show an improvement over Ultra Coolant's very good performance in this area.
- Improved Performance in the Presence of Air & Water

Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a \$14 billion global business committed to a world of sustainable progress and enduring results. For more information, visit www.ingersollrand.com.
